[AS AMENDED BY THE SELECT COMMITTEE]

FOR

The Improvement of Arklow Harbour.

A.D. 1882.

WHEREAS by an Act of the Parliament of Ireland of the thirty-second year of the reign of George the Third, chapter twenty-four, intituled "An Act for the better enabling certain persons to open and work mines, and to raise coal, culm, minerals, and fossils in this kingdom, and to open and improve the harbour of Arklow in the county of Wicklow, and to form a canal from the said harbour of Arklow to the Meetings Bridge, and to extend the same towards the Kilkenny collieries and the Glenmalur mines," the Hibernian Mine Company were incorporated 5 with divers powers for working mines and for opening and improving the harbour of Arklow, and for making and maintaining canals and navigation works, with power to take tolls, rates, and duties for vessels using their harbours and canals :

And whereas by an Act passed in the twenty-sixth year of the reign of Her Majesty the Queen, intituled "An Act for the Amalgamation of the Hibernian Mine Company with the Wicklow Copper Mine Company (Limited), and for other purposes;" after reciting amongst other things the said Act, and that the property of the Hibernian Company comprised the quays of the harbour of Arklow, with 10 all the wharves and buildings thereon held in fee; and that the Hibernian Company had expended more than seventeen thousand pounds on works for the improvement of the said harbour and for making it fit for the reception of vessels and the landing and shipping of goods; and reciting that on the second day of February one thousand eight 15 hundred and fifty-eight the Wicklow Copper Mine Company was registered under the Joint Stock Companies Act, 1856, as a Company with limited liability; and that the two Companies were desirous and it was expedient that the two Companies and their respective undertakings, property, and effects should be amalgamated, it is enacted that on the first day of September one thousand eight 20 hundred and sixty-three the two Companies should be thereby 25 hundred and fifty-eight the Wicklow Copper Mine Company was registered under the Joint Stock Companies Act, 1856, as a Company with limited liability; and that the two Companies were desirous and it was expedient that the two Companies and their respective undertakings, property, and effects should be amalgamated, it is enacted that on the first day of September one thousand eight hundred and sixty-three the two Companies should be thereby

AD. 1882. amalgamated into a new Company, which, by the name "the Wicklow Copper Mine Company," should be one body corporate with the powers thereby given; and that the recited Act of the Parliament of Ireland of the thirty-second year of George the Third, chapter twenty-four, relating to the Hibernia Company should be repealed, and that all the estates and property, including the harbour of Arklow, of which the two Companies respectively were seized or possessed, should be vested in the Wicklow Copper Mine Company:

And whereas one of the objects for which the Wicklow Copper Mine Company was incorporated was the maintaining, repairing, and improving of the harbour of Arklow, and the channel, embankments, piers, quays, wharves, buildings, and other works and conveniences of and connected with the harbour, and the regulating and controlling of the user of the same, and for any of those purposes; and also for the purpose of erecting sluices and other works for the improvement of the said harbour the Company may at all times use the bridge of Arklow, provided they make good any injury the bridge may sustain by their operations:

And whereas the said harbour of Arklow is an important station and place of refuge for vessels employed in prosecuting the sea fisheries on the east coast of Ireland, but the said harbour has of late years been gradually silting up, and a bar is frequently formed across the entrance thereto, whereby its value and usefulness are materially injured:

And whereas it is expedient that the said harbour should be deepened, extended, and otherwise improved, and the Wicklow Copper Mine Company, being unable to undertake the execution of the necessary works for that purpose, have agreed, in consideration of the sum of five thousand pounds, to be paid as herein-after mentioned, to transfer to the Commissioners of Public Works in Ireland (in this Act referred to as "the Board") all their estate, interest, and property in the said harbour of Arklow, and the quays, wharves, and buildings connected therewith, as the same are delineated in red in the tracing now deposited in the office of the Board of Works in Dublin, and to which the seal of the Board has been affixed, and all their rights in the same:

And whereas it is expedient that the Board should be authorised to undertake the execution of the said works, and for that purpose to advance by way of grant the sum of fifteen thousand pounds, being one moiety of the estimated cost thereof, and to advance by way of loan, on the security provided by this Act, the sum of twenty thousand pounds, being five thousand pounds for the price to be paid to the Wicklow Copper Mine Company, together with the

other moiety of the estimated cost of the said works; and, if by reason of unforeseen circumstances the said estimated sum proves insufficient for the full completion of the works, to advance by way of further loan on the security of the rates leviable by the Town Commissioners of the town of Arklow such sum as may be necessary for that purpose:

And whereas the objects of this Act cannot be attained without the authority of Parliament:

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. This Act may be cited as the Arklow Harbour Act, 1882.

Short title.

Advance of Money and Execution of Works.

15 2. A special meeting shall be held in the Court House in Arklow on some day to be appointed by the Board within two months after the passing of this Act, of the justices and associated cesspayers, entitled to attend at the presentment sessions of the baronies of Arklow and Ballinacor South in the county of Wicklow, and of Gorey in the county of Wexford. Notice of such meeting shall be given once in each of two consecutive weeks before the day fixed for the same in two or more newspapers circulating in each of the counties of Wicklow and Wexford. At such meeting a person nominated by the Board shall preside, and the justices and 25 associated cesspayers for each barony shall separately declare their opinion as to the expediency of charging the rates of the barony with the repayment of the whole or of a specified part of the said loan of twenty thousand pounds, with interest thereon, payable in the manner appearing in this Act.

Special meeting to consider as to charging baronies with loan.

30 If the justices and associated cesspayers of one only of the baronies declare their opinion to be in favour of such charge, they shall then proceed to declare their desire as to the period (not exceeding fifty years) within which the loan should be made repayable, having regard to the rate of interest fixed by the Treasury, by their 35 minute dated the sixteenth day of August one thousand eight hundred and seventy-nine, for loans to which section two of the Public Works Loans Act, 1879, applies.

43 & 44 Vict.
c. 77.

If the justices and associated cesspayers of more than one of the baronies declare their opinion to be in favour of such charge, they 40 shall proceed jointly to declare their desire as to such period of repayment, having regard to the considerations aforesaid.

The chairman presiding at the meeting shall, by taking a vote in such manner as he thinks fit, ascertain and report to the Board

3. If the Commissioners of Her Majesty's Treasury (in this Act referred to as the Treasury) are satisfied with the security offered by the justices and associated cesspayers of the three baronies or of any of them at such meeting, they may authorise the Board to carry this Act into effect, and to advance out of the moneys placed in their hands by Parliament the sum of fifteen thousand pounds by way of grant, and the sum of twenty thousand pounds by way of loan, and may by order declare the said baronies or some or one of them to be charged with the payment of the said sum of twenty thousand pounds, and interest. In case the justices and associated cesspayers of one only of the said baronies have agreed to charge the rates of the barony with the payment of the loan, the order shall declare that barony only to be charged. In case the justices and associated cesspayers of more than one barony have agreed to charge the rates of the baronies with the payment of specified portions of the loan, the order shall apportion the charge upon the same baronies accordingly. The barony or baronies declared by such order to be charged with any payments shall by virtue of this Act become charged with such payments accordingly.

All sums declared by the Treasury to be charged upon any barony shall be repayable within such period as the Treasury may at their discretion determine, at such rate of interest as the Treasury have fixed

for loans to which section two of the Public Works Loans Act, 1879, 25 applies; and otherwise upon the same terms and conditions as apply to loans made by the Board for purposes like to the purposes of this Act, under the Act of the session of the first and second years of the reign of King William the Fourth, chapter thirty-three, intituled, "An Act for the Extension and Promotion of Public Works in 30 Ireland."

The Board may, upon being so authorised, out of any moneys placed in their hands by Parliament, lodge in the Bank of Ireland to the credit of the Wicklow Copper Mine Company the sum of five thousand pounds.

On such lodgment being made all the said harbour of Arklow, and the lands, piers, quays, wharves, and buildings thereof, or in any manner connected therewith (in this Act referred to as the harbour), as the same are delineated in red in the tracing now deposited in the office of the Board in Dublin, and to which the seal of the 40 Board has been affixed (subject, however, to the reservation herein-after contained), and all rights and easements connected therewith, shall be and the same are hereby transferred to and vested in the Board of Works for the purposes herein-after mentioned;

discharged from all estates, rights, titles, charges, and incumbrances whatsoever of the Wicklow Copper Mine Company, and of every other person, other than those of Her Majesty, her heirs and successors :

5. Provided, however, that the tramways, turntables, and weighing houses and other buildings belonging to the Wicklow Copper Mine Company in connexion with the harbour, existing at the time of the passing of this Act, shall remain vested in the Company, with the exclusive right to use the same.

10. 4. The Board may proceed with all necessary works for deepening, extending, and improving the harbour, and with such other works appertaining thereto, as they may deem fit and proper; and for that purpose, may do any matter or thing and shall have and may, if they think fit, exercise any right, power, or authority, with reference to such works which they might do, or would have if the work were undertaken by them under the provisions of the Act of the session of the ninth and tenth years of the reign of Her present Majesty, chapter three, and any Act amending the same, and may expend for that purpose, out of the moneys placed 20 in their hands by Parliament, any sum not exceeding the sum of thirty thousand pounds.

5. If at any time before the completion of the said works the Board reports to the Treasury that it would be desirable to expend any further sum in excess of the sum of thirty thousand pounds 25 for the completion of the works, and recommends that a loan should be offered for that purpose upon the security herein-after mentioned, and the Treasury thinks fit to sanction such loan, then a special meeting of the Town Commissioners of the town of Arklow shall be held on some day to be appointed by the Board, at which the 30 Town Commissioners shall declare their opinion as to the expediency of charging the rates of the town with the repayment of such further loan as may be offered to be advanced by the Board for the completion of the harbour in excess of the sum of thirty thousand pounds, or with such limited sum for the like purpose as the 35 Town Commissioners think proper to approve.

For the assistance of the Town Commissioners, a person nominated by the Board shall be present at such meeting.

If the Town Commissioners pass a resolution in favour of such charge, the Treasury may by order declare all property in the 40 town ratesable by the Town Commissioners under the powers conferred on them by the Towns Improvement (Ireland) Act, 1854, to be charged with the payment of the whole of such further loan and interest, or with such limited sum and interest as

All sums declared by the Treasury to be charged upon the town shall be repayable within such period as the Treasury may at their discretion determine, at 5 such rate of interest as the Treasury have fixed for loans to which section two of the Public Works Loans Act, 1879, applies; and otherwise upon the same terms and conditions as apply to loans made by the Board for purposes like to the purposes of this Act, under the Act of the session of the first and second years of the reign of King William the Fourth, chapter thirty-three, intituled, "An Act for the Extension and Promotion of Public Works in Ireland."

Payments by baronies. 6. On the completion of the works, or at such other time as the Treasury may direct, the Board shall make an order declaring 15 the sums payable by the said baronies, or some or one of them, on account of the loan referred to in this Act.

Such sums shall be raised from time to time by grand jury presentments, the first of which shall be made at the assizes next after the making of the order by the Board. 20

And the Board shall, before each assizes, make out a certificate for each of the counties of Wicklow and Wexford, or for one of them, as the case may be, specifying the amount then payable by any barony in such county under this Act. The Board shall transmit the certificate to the secretary of the grand jury of the county, to 25 be laid before the grand jury, and thereupon the grand jury shall, without any previous application to presentment sessions, make a presentment for the amount specified in such certificate as payable by the barony or baronies therein specified; and in default of such presentment the amount shall be raised by an order of the judge of 30 assize, which shall have the force of a presentment:

The amount raised in such presentment shall be paid to the Board in such manner as the Treasury may from time to time direct.

Payments by town of Arklow. 7. In case any further loan in excess of the estimated sum of thirty thousand pounds has been advanced by the Board for 35 the completion of the harbour, and the rateable property in the town of Arklow has been declared by the order of the Treasury to be charged with the payment of any sum on account thereof, the Board shall, on the completion of the works, or at such other time as the Treasury may direct, make an order declaring the 40 sums payable by the town on account of such further loan. The Board shall annually, or at such intervals as they think fit, make out a certificate specifying the amount then payable by the town under this Act. The Board shall transmit the

certificate to the town clerk to be laid before the Town Commissioners. The sums specified in such certificate shall be raised from time to time by the Town Commissioners, by a special rate, to be in addition to any rates which they are empowered to make under 5 the Towns Improvement (Ireland) Act, 1854. The provisions of the said Act relative to the making and enforcement of rates, and the partial exemption of certain classes of property, shall apply to any rate made under this Act.

Every certificate of the Board under this Act shall be conclusive 10 evidence of all facts and circumstances necessary to authorise the making of it.

8. Upon the completion of the works authorised to be constructed by the Board under this Act, or at such other time as the Treasury may direct, the Board may, with the consent of the Treasury, by order 15 under their seal, declare that the harbour shall from a time to be named in such order be vested in the Harbour Commissioners constituted under this Act; and thereupon the harbour, and all the property connected therewith by this Act transferred to the Board shall, without any conveyance thereof, be transferred to and 20 vested in the Harbour Commissioners, for the purposes of this Act.
